

Webinar Information Sheet

Webinar Title: “Balance and Fall Prevention”

Course Description: A serious fall has the potential to change your older client's life forever. This important program will teach you how balance begins with core strength and muscular stability. You'll also learn a variety of fun drills that can be safely done with clients of all ages and experiential levels as well as strategies to both build and maintain balance as your client gets older. The lessons and drills you'll take away from this class will serve you well as a personal trainer or group fitness instructor, and are great for Senior Boot Camps! If you train seniors, you need this class!

Learning Objectives:

- After viewing this webinar, you will be able to:
 - Identify how we remain balanced
 - Explain the different systems within the body that are used for balance
 - Describe the goals of a balance training program
 - List program considerations for a balance training program
 - Provide program progressions for a balance training program

Target Audience: Fitness Professionals, Strength & Conditioning Specialists, ATs, PTs, PTAs, LMTs.
