

## Webinar-on-Demand Information Sheet

### Program Title: Form and Function: Assessing Movement Patterns

**Course Description:** Remedial or "corrective" exercise is a hot trend in fitness but is often misunderstood. The purpose of remedial exercise is NOT to rehabilitate an injury but to prevent injury in the first place by restoring the body to its normal range of motion and movement patterns. This brand new class is sure to open your eyes to a whole new way of thinking about how the body moves and how you can remedy the most common movement dysfunctions.

### Learning Objectives:

- After participating in this class, you will be able to:
  - Discuss the injury/Degeneration cycle.
  - Compare and contrast subjective vs objective assessments.
  - List the components Functional Movement Screens.
  - Explain the components of an observational gait analysis.
  - Explain the components of the Sit-to-Stand drill to assess senior specific tasks.

**Target Audience:** Fitness Professionals, Strength & Conditioning Specialists, ATs, PTs, PTAs, LMTs.

**Schedule and Format:** Recorded webinar

**Registration Fees:** Please visit our website for the most up-to-date continuing education awards and pricing details.

### Course Developer Credentials:

#### April Boulter, M.Ed., MPH, ACSM-EP

April is an adjunct faculty member at the University of Wilmington-Delaware in the Doctoral Prevention Science program as well as an instructor at Kent State University in the School of Public Health. Her research focuses on pediatric obesity, cell-phone use and activity in college-age students, and the effects of peer-mentoring in physical activity and weight-loss. Previously, April taught at Loyola University Chicago where she oversaw a comprehensive fitness and wellness program designed to help university students develop healthy exercise habits and

increase their knowledge surrounding fitness fads and the dangers of 'social media fitness'. April is Clinical Exercise Physiological through the American College of Sports Medicine, with a BS in Kinesiology from the University of Arkansas and a M.Ed in Sports Psychology from the University of Arkansas, and an MPH from Loyola University Chicago. April joined our faculty in 2008.

### **Mike Deibler, MS, CSCS**

Mike is Exercise ETC's Director of Education. He is the owner of Premier Training, a private personal training studio located in San Diego, CA. He is also the founder of "My Workout Creator" an online exercise programming system. Mike is a Certified Strength and Conditioning Specialist (NSCA-CSCS) with a BS in Kinesiology from the University of Connecticut and an MS in Exercise and Sport Sciences from the University of Florida at Gainesville. A former All American in Track and Field for the University of Connecticut, Mike combines his success in the athletic world with his extensive education to become an elite fitness consultant and mentor for newly certified personal trainers. As a personal trainer and Boot Camp leader, Mike has helped hundreds of individuals reach their full fitness potential. Specializing in program design for athletes, functional training, and fat loss training for busy executives, Mike is also a certified personal trainer through ACE and NASM. Mike joined our faculty in 2008.
