

Webinar Information Sheet

Webinar Title: "Strength Training Past 60"

Course Description: Senior Fitness goes to another level with this innovative webinar which artfully combines higher intensity training methods with modifications designed to reduce stress on older joints. You'll learn unique drills that can be done with your client either one-on-one or in large or small groups and discover imaginative program design ideas to improve balance, ambulation, strength and mobility. Better yet, the exercises you'll learn are so much fun your clients won't even think of it as a "workout" -- they're more like "playtime."

Learning Objectives:

- After viewing this webinar you will be able to:
 - List what are currently defined as “core muscles”.
 - Explain the basic and advanced ADLs for seniors
 - Compare and contrast various training modifications for upper body, lower body and core
 - List and explain specific stretches for chronically tight joints in seniors

Target Audience: Fitness Professionals, Strength & Conditioning Specialists, ATs, PTs, PTAs, LMTs.

Schedule and Format: Self-paced recorded webinar.
